HOST COUNTRY PLACES

The Host Country is allocated a quota of six (6) athletes, one (1) man and one (1) women for the Singles event and two (2) men and two (2) women for the Doubles event. The selection of athletes is at the discretion of the Host NOC while respecting the eligibility criteria as detailed in **C. Athlete Eligibility**.

E. Confirmation Process for Quota Places

Following each qualification event, the FIL will publish the Youth A World Cup Rankings on its website (www.fil-luge.org).

FIL shall inform the NOCs that earn quota places through **D.1** and **D.2** within two (2) days after the publication of the Youth A World Cup Overall Rankings as described in D.1.1 and D.2.1 on 10 December 2023. The NOCs will then have two (2) weeks to confirm to the FIL and Gangwon 2024 Sport Entries if they wish to use these quota places, as detailed in **G. Qualification Timeline**.

F. Reallocation of Unused Quota Places

REALLOCATION OF UNUSED QUALIFICATION PLACES

If an allocated quota place is not confirmed by the NOC by the confirmation of quota place deadline or is declined by the NOC, the quota place will be reallocated in the following order:

- 1st priority : Reallocation to the next best ranked NOC that has not been allocated a quota, whose athlete/doubles has achieved the minimum standard of FIL according to **D.1.1** or **D.2.1** per event per gender.
- 2nd priority: Reallocation to the next best ranked NOC that has already been allocated one (1) quota with the second (2nd) best athlete/doubles whose athlete/doubles has achieved the minimum standard of FIL according to **D.1.1** or **D.2.1** per event per gender.

If, following the priorities listed above, there are still unused places in a specific event, the FIL may increase the number of athletes participating in the other events within the framework of the IOC quota for Luge of 100 athletes, according to the following criteria:

A. The unused quota places may be allocated within the gender:

For example:

- Only 10 Women's Doubles out of the Maximum 15 Women's Doubles Quota Places are filled. This means that there are 10 women athlete quota places not used. These unused quota places can be allocated only to the Women Singles provided that the total quota for the Women of 50 is not exceeded and the total quotas of 100 is not exceeded.
- Only 10 Men's Doubles out of the Maximum 15 Men's Doubles Quota Places are used. This means that there are 10 athlete men quota places not filled. These unused quota places can be allocated only to the Men Singles, provided that the total quota for the Men of 50 and the total quotas of 100 is not exceeded.

QUALIFICATION SYSTEM – WINTER YOUTH OLYMPIC GAMES GANGWON 2024

- B. Secondly, if it is not possible to reallocate equally by gender taking into consideration that the Youth A World Cup Singles Overall Ranking and the Youth A World Cup Doubles Overall Ranking are exhausted and there are no more eligible athletes in the respective gender and event to reallocate the quota to, then the remaining unused quota places may be allocated to the event that had the largest number of sleds racing in any Youth A World Cup race in the YOG season up until 10 December 2023.

REALLOCATION OF UNUSED HOST COUNTRY PLACE

If the Host Country qualifies through **D.1** and/or **D.2** or if it declines any of its quota places, then quota place(s) will be reallocated to the next best ranked NOC in the specific event as described in section **F. Reallocation of Unused Qualification Places**.
